20 August 2020: ASX Media Release

FirstWave Level 1 Partner Tata Teleservices Limited launches CCSP services to SMBs in India

Highlights:

- **Tata Teleservices Limited (TTL) launches FirstWave's enterprise-grade cloud-based email, web and endpoint protection security-as-a-service bundle to its SMB customers**
- **Launch of FirstWave's Cloud Content Security Platform (CCSP) services expands TTL's cyber security portfolio offering in India**

Leading Australian global cloud security technology company, **FirstWave Cloud Technology Limited (ASX: FCT) (FirstWave)**, is pleased to announce its Level 1 Partner, **Tata Teleservices Limited** <https://www.tatateleservices.com/>, has launched FirstWave's CCSP services to its SMB customers across India.

TTL is a market leader in India offering a comprehensive portfolio of Voice, Data and Managed services to small, medium and large Enterprises. TTL has an extensive, high capacity and robust wireline network and offers its products and services in more than 60 cities across India. TTL has one of the largest enterprise focused teams in the industry. This team of 1,300 sales & service professionals and 1,200 channel partners through its reach, deep customer engagement and technology orientation offers a differentiating sales and service experience to customers.

TTL will leverage FirstWave's Cloud Content Security Platform (CCSP) to offer email, web and endpoint security-as-a-service immediately giving its SMB customers access to a comprehensive smart perimeter security proposition which is enterprise grade, robust, scalable, and can be rapidly deployed at an affordable price. Other security services will follow in due course.

FirstWave CEO, Mr. Neil Pollock said *"We are very excited to see TTL launch our security-as-a-service offerings to its business customers in India. As a Level 1 Partner, TTL opens a new and significant path to revenue for FirstWave both directly to end customers and via its reseller partners. The ability for TTL to rapidly bring to market our full catalogue of enterprise grade security services also shows the power of our SaaS orchestration and management platform, CCSP."*
